

# LGFA An overview

## Business Description

The New Zealand Local Government Funding Agency (LGFA) is an agency specialised in financing the New Zealand local government sector. LGFA was established to raise debt on behalf of local authorities ("councils") on terms that are more favourable to them than if they raised the debt directly.

LGFA was incorporated as a limited liability company under the Companies Act 1993 on 1 December 2011, following the enactment of the Local Government Borrowing Act 2011. As LGFA is majority owned by councils, it constitutes a "council-controlled organisation" under the Local Government Act 2002.

## Credit Ratings

Domestic Currency AAA/ Foreign Currency AA+ (Stable Outlook) – Standard & Poor's  
Domestic Currency AA+ / Foreign Currency AA (Stable/Positive) – Fitch Ratings  
These credit ratings are the same as the New Zealand sovereign ratings.

## Ownership

As at 20 October 2021 LGFA had 45 million ordinary shares on issue, 20 million of which remain uncalled. There are currently 31 shareholders, comprising the New Zealand Government at 20% and 30 councils at 80%. Any councils wanting to become new shareholders are required to purchase shares from existing council shareholders.

## Capital Structure

The capital structure of LGFA comprises fully paid shares, unpaid shares, retained earnings and borrower notes.

## Borrower Notes

Borrower Notes are subordinated convertible debt instruments which each council that borrows from LGFA must subscribe for (in an amount equal to 2.5% of the total borrowing from LGFA by that council) LGFA will redeem Borrower Notes when the councils' related borrowings are repaid or no longer owed to LGFA. Currently there are NZ\$241 million of Borrower Notes on issue.

## Guarantee Structure

LGFA's obligations in relation to its Securities issued are guaranteed by the councils that are Guarantors under the Guarantee. Other than the New Zealand Government, each shareholder in LGFA must be a Guarantor. In addition any council that borrows in aggregate NZ\$20 million or more from LGFA must be a Guarantor. The guarantee will be in favour of the obligations of LGFA. Any call under the guarantee will be allocated across all the guarantors on a pro rata basis in relation to their rates ("property tax") revenue.

## Liquidity Facility

The New Zealand Debt Management Office provides LGFA with a committed liquidity facility. The facility has an expiry date of December 2031. The facility's maximum aggregate principal amount is set at NZ\$1.5 billion unless LGFA selects a lower amount; and will vary depending on LGFA's credit rating (the available facility may reduce if LGFA's credit rating decreases). LGFA has selected a maximum aggregate principal amount of NZ\$500 million for the period to February 2022.
