Sustainable Financing Allocation Report

30 September 2025

SUSTAINABLE FINANCE AT LGFA - HISTORY

December: Climate Action Loans Programme (CAL)

established

2022

April: Head of Sustainability appointed

June: Toitū Envirocare carbonzero certification

September: Sustainability Committee established

October: Green, Social And Sustainability Lending

Programme established

March: Sustainable Financing Bond Framework established

April: Inaugural NZ\$1,100 million 15 May 2030 Sustainable Financing Bond issued under the Framework

January: Total Sustainable Financing Bond issuance reaches NZ\$3 billion

March: Sustainable Finance Workshop Series

June: Combined Sustainable Loan Asset Pool reaches NZ\$4.1 billion

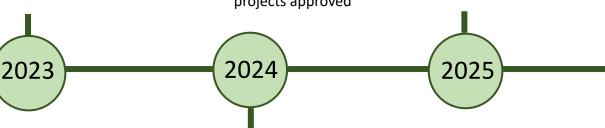

August: GS Asset Pool reaches NZ\$1.1 billion

September 2025: SFB Framework, GS Lending Criteria and CAL

Lending Criteria updated

September 2025: First Clean Transportation and Renewable Energy

projects approved

June: Sustainable Financing Loan Asset Pool reaches NZ\$3.15 billion and seven council members approved for CALs

August: Climate Action Loan pool reaches NZ\$3.05 billion

October: Combined Sustainable Loan Asset Pool reaches NZ\$3.5 billion

October: Second NZ\$800 million 15 May 2032 Sustainable Financing Bond

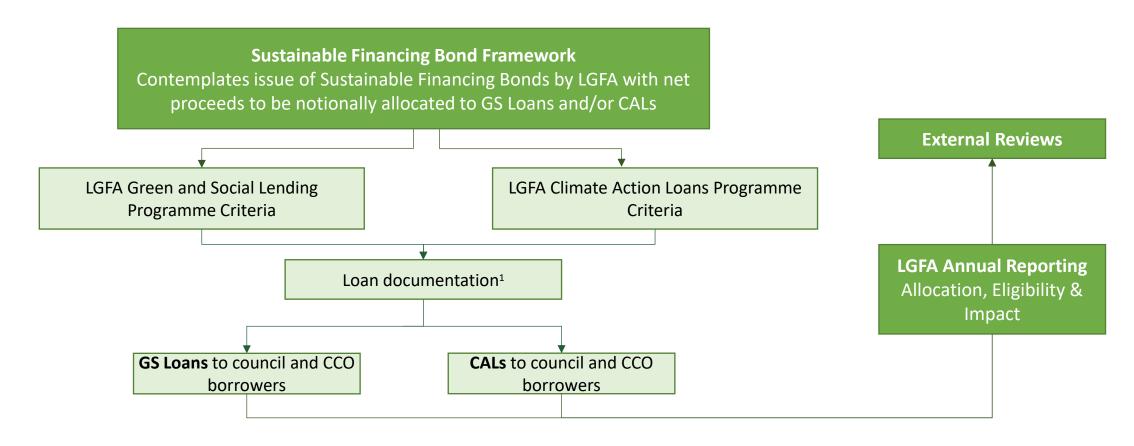

issued under the Framework

November: Senior Manager Sustainable Finance appointed

STRUCTURE OF SUSTAINABLE FINANCING BOND PROGRAMME

LGFA has set up a transparent and integrated documentation hierarchy for the Sustainable Financing Bond Programme

¹ Sustainable Loans are documented as debt securities under LGFA's Multi-Issuer Deed.

SUSTAINABLE FINANCING – GREEN AND SOCIAL (GS) LOANS

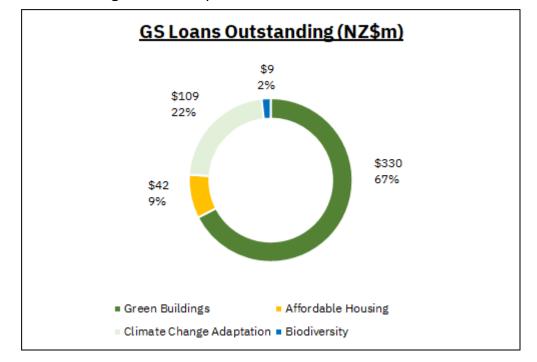

LGFA GS lending programme*

To qualify as a GS Loan, the loan must finance assets, projects or activities that meet the criteria set out in at least one of the ten green loan categories or one of the three social loan categories. A full list of the GS categories and criteria can be found here">here.

Progress to date:

- Thirteen GS Loans have been approved as eligible
- NZ\$1,268.0 million of GS Loans Approved as at 30 September 2025
- NZ\$489.4 million of GS Loans Outstanding as at 30 September 2025

^{*} GS Loans are documented as debt securities under LGFA's Multi-Issuer Deed.

SUSTAINABLE FINANCING – CLIMATE ACTION LOANS (CALS)

LGFA CAL lending programme*

To qualify for a CAL, a council or CCO borrower (Borrower) must have the following:

- 1. A **GHG Emissions Inventory** for both the current year and an established Base Year, that have received third-party assurance. The assurance engagement should, at a minimum, be a limited assurance engagement and be completed by using the current and relevant assurance standard and expectations set by the External Reporting Board.
 - The borrower must provide statement of intent to broaden the GHG Emissions Inventory to capture Scope 3 Emissions across the Borrower's full value chain within two years from when the Borrower is first approved by LGFA to enter into CALs, if Scope 3 Emissions are not already captured.
- 2. Science-aligned gross absolute short-term, medium-term and long-term **Emission Reduction Targets** (ERT's) for Scope 1 and 2 Emissions.
 - A statement of intent to adopt science-aligned Scope 3 ERT across the Borrower's full value chain within two years from when the Borrower is first approved by LGFA to enter into CALs (if Scope 3 Emissions are not already adopted).
- 3. An approved **Emissions Reduction Plan** that articulates a plausible strategy to achieve the borrowers short-term ERT's covering Scope 1 and 2 ERT's, and Scope 3 ERT within one year from when the Scope 3 ERT is adopted.

Borrowers must prepare a GHG Emissions Inventory and obtain a third-party assurance report for the inventory on an annual basis. This must be provided to LGFA by 30 November each year.

You can find out more about the CAL programme and criteria here.

Progress to date:

- Seven Borrowers approved as eligible for CALs
- NZ\$3,819.45 million of CALs outstanding as at 30 September 2025
 - LGFA is working with a further 6 Borrowers on their CAL applications

As at 30 September 2025

Sustainable Financing Bonds Summary and Sustainable Loan Asset Pool

Sustainable Financing Bond (NZX ticker)	Sustainable Financing Bond (NZ\$ million)	Issue Date	Maturity Date
LGF170	1,100	17/04/23	15/05/30
LGF170	500	12/09/23	15/05/30
LGF170	50	11/03/24	15/05/30
LGF170	50	06/05/24	15/05/30
LGF170	60	04/06/24	15/05/30

LGF170	50	09/06/25	15/05/30
LGF180	50	07/07/25	14/05/32
LGF180	50	11/08/25	14/05/32
LGF170	50	08/09/25	15/05/30
Total	3,410		

	NZ\$ million
Total Value of GS Loans*	489.40
Total Value of CALs*	3,819.45
Total Value of Sustainable Loan Asset Pool*	4,308.85
Total principal amount of Sustainable Financing Bonds on Issue	3,410.0
Surplus Sustainable Loan Assets	898.85
Sustainable Loan Ratio (x)	1.26x

^{*} Based on principal amount advanced under the relevant GS Loans or CALs (as applicable).

The net proceeds of the Sustainable Financing Bonds will be notionally allocated to Sustainable Loans being GS Loans and CALs in accordance with the Framework.

LGFA intends to notionally allocate an amount equal to the net proceeds of Sustainable Financing Bonds to GS Loans and CALs within 24 months of the issue date of the relevant Sustainable Financing Bonds.

If the Surplus Sustainable Loan Assets amount is negative (and the Sustainable Loan Ratio is less than 1.0), it means that the amount of Sustainable Financing Bonds that have been issued is greater than the amount of Sustainable Loan Assets held. In this instance the net proceeds will be invested in line with the Framework pending notional allocation to GS Loans and CALs.
